WELCOME TO WESTFIELD STATE COLLEGE

THE NEW STUDENT RECORD IS
BROUGHT TO YOU BY

WESTFIELD STATE ALUMNI ASSOCIATION

WSC

You've Finally Made It

As you become a member of the Freshmen Class you are entering one of the most exciting and "scariest" times of your life.

- "I'm finally on my own."
- "I'm my own boss."
- "Nobody is going to tell me what to do."
- "Can I handle this new freedom?"
- "Will I get lost in the shuffle?"
- "Will I be around next year to call myself a sophomore?"

These and many more questions must be invading your thoughts as you make the big leap into college.

At this early point in your college life you are probably thinking that the exciting and good times apply to me and that the scary aspects only apply to "that kid that I saw during orientation that was alone and looking lost". Unfortunately, most freshmen experience some days that make them question the wisdom of their choice.

- "I could have stayed at home and gotten a job."
- "I surely miss my boyfriend/girlfriend."
- "These courses are a lot tougher than in high school."

You are fortunate to have chosen a school that can provide you with the excitement that you anticipate and the "friendly faces" to minimize the scary times.

Get started on the right foot and next year at this time you can be telling the bewildered-looking freshmen how you survived the first-year to now call yourself a sophomore.

ACADEMIC ACHIEVEMENT CENTER

FOR A BRIGHTER FUTURE

"Education is our passport to the future, for tomorrow belongs to the people who prepare for it today." Malcolm X

"As long as one keeps searching, the answers come." Joan Baez

Academic advising is an integral part in the success of a student's academic career. The Academic Achievement Center (AAC) (Parenzo 102) provides a warm and supportive environment for students to explore academic opportunities as well as to plot strategies for continued growth.

The staff of the AAC has as its primary mission the growth and development of the student and places the utmost priority on the needs and concerns of the student.

Academic Advising

COUNSELING SERVICES

Dr. Jacqueline R. Sheehan, Director
Lammers Hall Annex

The Counseling Service Center helps students make the most of their education through psychological skill development and personal growth. We are concerned with the education of the "whole student" with the integration of learning and living. Besides working to reduce or eliminate problems that interfere with learning, we attempt to use the problems students bring to us to enhance their problem solving skills and their personal resources. The Center offers short-term counseling on an individual basis as well as group counseling. Your relationship with Counseling Services is confidential unless you give written permission for it to be shared, or in certain life or death emergencies, or by court order. Another important function of psychological counseling is referral. If someone else on campus or in the community can help you with your concerns, counselors will help connect you with that person or office.

TUTORING

The Tutoring Center is operated by professional staff and supplemented with approximately 70 peer tutors. Academic assistance is offered in writing, study skills and mathematics. Tutoring is also available in all areas of the college curriculum. The College also coordinates the provision of support services to students who are physically challenged and learning disabled.

The Tutoring Center is located in Wilson 235, Ext. 5391.

OFFICE OF SUBSTANCE ABUSE PREVENTION OSAP

The Office of Substance Abuse Prevention works in two ways for the campus. OSAP seeks to work with students to prevent alcohol and other drug problems, and to provide support for those students who have already developed a problem. As a part of the Counseling Center department OSAP offers individual counseling for substance related problems. OSAP works with cooperation from both Academic and Student Affairs in trying to change the campus climate with regard to alcohol and other drugs. Ongoing projects within the office include curriculum infusion, wellness management and advertising for non-alcoholic programs on campus. The office is located within the Counseling Center.

ELY CAMPUS CENTER—Take A Look

ROLE OF THE CAMPUS CENTER

The Campus Center is the community center of the college, for all members of the college family—students, faculty, administration, alumni, and guests. It is not just a building; it is also an organization and a program. Together they represent a well-considered plan for the community life of the college.

As the “living room” of the college, the Campus Center provides for the services, conveniences, and amenities the members of the college family need in their daily life on the campus and for getting to know and understand one another through informal association outside the classroom.

The Campus Center is part of the educational program of the college. As the center of college community life, it serves as a laboratory of citizenship, training students in social responsibility and for leadership in our community. Through its advisory board, committees, and staff, it provides a cultural, social, and recreational program, aiming to make free time activity a cooperative factor with academic study. In all of its processes, the Campus Center encourages self-directed student activity, giving maximum opportunity for self-realization and for growth in individual social competency and group effectiveness. Its goal is the development of persons as well as intellects.

The Campus Center serves as a unifying force in the life of the college, cultivating enduring regard for, and loyalty to, the college.

Varsity Athletics at Westfield State College—
Philosophy and Memberships

The 15 varsity teams compete in Division III of the NCAA, which emphasizes the involvement and impact of the athletic programs upon the participants rather than on satisfying the entertainment needs of the public. Since the status of any athletic team is not dependent upon gate receipts or other revenue, no team is relegated to the category of a "minor sport." In addition, no financial aid packages based on a student's athletic abilities are awarded in the NCAA Division III.

Westfield State College is also a member of the Eastern College Athletic Conference (ECAC), New England College Athletic Conference (NECAC) and the eight-team Massachusetts State College Athletic Conference (MASCAC). Other MASCAC schools are Bridgewater State, Fitchburg State, Framingham State, North Adams State, Mass Maritime, Salem State and Worcester State. Westfield State is well represented in MASCAC, competing in 12 of the conference's 14 sports.
